Heard on the Boards

WCOM Is Cheap, But What About The Risks?

"WorldCom is a fantastic company run by a great management team, and its price right now is bafflingly low. If you'd told me six months ago WorldCom would be trading below \$38, I would have called you crazy."

Fiber Optics Stocks

"I think fiber optics is the play to make the most money in the next few years. Besides JDS Uniphase, which company do you feel will be a close second?"
